**CAUGHT IN A DEAD FALL.**

**Fearful Fate of Forty Girls in Glasgow.**

Glasgow, November 1.—The gable wall of a building that was being erected alongside of Templeton's carpet factory, on William street, was blown down today. An immense mass of debris fell on the roof of the weaving department of the factory, crushing it in and burying fifty girls and women employed in the weaving room. It is probable that forty of those buried are dead.

A man—Up to this hour twenty-five bodies have been recovered. Search for more bodies is being vigorously prosecuted. The latest estimate of loss of life by the fall of the wall upon the carpet factory is that fully fifty have been killed. The loss of property aggregates \$15,000. The building was 300 feet long. There is a rumor current that the foundation of the building was laid over a disused coal pit.

The survivors of the accident relate that the sudden extinguishing of the lights was the only warning. All made a rush for the exit, which quickly became jammed. There most of the bodies were found. The tremor resulting from the fall of the building was felt for a short distance. The accident happened shortly after the workmen had left the new building. There were 140 girls at work in the carpet factory.

**The Remains of Gen. Grant.**

NEW YORK, November 2.—A story was published in the newspapers this morning concerning the final disposition of the remains of the late General Grant which now lie in the vault at Riverside Park. It was said by George W. Childs, of Philadelphia, that the body would shortly be transferred by direction of the General's widow either to West Point or Arlington. Mrs. Grant, when spoken to about the report this morning, said she was not at present prepared to make any statement in the matter.

**Specie Exports.**

NEW YORK, November 2.—Exports of specie from the port of New York, last week amounted to \$421,284, of which \$63,050 was in gold and \$358,234 silver. All the silver went to Europe, and all the gold to South America. Imports of specie for the week amounted to \$351,272, of which \$301,795 was in gold and \$49,477 silver.

**A Rumor Confirmed.**

PINEVILLE, Ky., November 2.—Reports from Harlan county, received yesterday, verify the story that Judge Lewis and posse shot to death six of the Howards' faction. Wills, Howards and Will Jenkins, his lieutenant, escaped unscathed into Virginia.

**The Weather To-Day.**

WASHINGTON, November 2.—Indications for North Carolina—Rain; colder; southwesterly winds.

Dallas Eagle: Another boy has turned thief. James L. Dobson, a young man of this place, a couple of weeks ago stole two checks of fifty dollars a piece, one from his father Mr. J. R. Dobson and the other from J. H. Rutledge. He then skipped and had the checks cashed at the Commercial National bank of Charlotte. Mr. Rutledge went down to Charlotte and secured his money.

Marion Free Lance: As a freight was passing this side of Old Fort, the door of a cattle car came unfastened, and about six or seven oxen fell out. Only two have been recovered, and one of them had its jaw broken and its tongue badly cut, and one of its horns was broken off. This happened last Friday night.

**Continued Bargains at Law's.**

In order to reduce the stock in many lines, during the rest of this month, a large reduction will be made on many fine and common goods, varying from ten to twenty-five per cent. The lines of colored glass must be cleared out, and is subject to twenty per cent. discount. Choice odd pieces have ten per cent. off. Special prices on all crockery and glassware at 57, 59 and 61, South Main street.

**An Old Newspaper.**  
The Hartford (Conn.) Courant, which was first printed on October 29, 1764, and has been published continuously ever since under the same name in the same town, is the oldest newspaper in America. Its age is not a piece of patchwork, made up by grafting one newspaper stock upon another, but genuine antiquity. It is older than the United States. On Tuesday last, its 125th birthday anniversary, the Courant published a fac simile of its first issue, and with pardonable pride recounted the story of its growth. The secret of its long existence is disclosed in the fact that it has always deserved to live. We take this occasion to extend the assurance of our distinguished consideration.

At Cagle gold mine, in Moore county, Monday, Ben. Hussey was killing fish with dynamite. He attempted to light the fuse of a cartridge and his pipe at the same time. His little son begged him to throw the dynamite in the water. He did not do so. The dynamite exploded, tearing off both hands at the wrists and inflicting other serious injuries.

**HEREAFTER**

We will run two delivery wagons. The necessity for this has been caused by our largely increasing trade, making it impossible to deliver with one wagon. There have been complaints (and justly, too) by some of our customers at not having goods delivered more promptly. With our additional facilities for delivery we hope to increase our already large trade, and promise to meet all competition. Our stock, as heretofore, will be kept up to the highest standard in quality. All goods sold by us guaranteed to be as represented, both in weights and quality.
